

MATHEMANIA 2023

Stamatics IIT Kanpur Rules and Instructions

1. Structure

- The competition will consist of three rounds, Round 1 and 2 will be held on 28th of December and Round 3 will be held on 29th of December.
- Round 1 will be purely objective, whereas Round 2 and Round 3 will be subjective
- In Round 1 each question is worth 100 points, with each incorrect answer would be awarded -50 points.
- Round 2 and Round 3 would be worth different points and will be mentioned on the submission form

2. Eligibility

- Everyone is eligible to attempt Round 1, however only the top 60-70 teams will qualify for Round 2 and only the top 20-30 teams will qualify for Round 3. (These numbers is not fixed and might change)

3. Submission Rules

- All submissions should be made to the submission link which will be available on the website (<https://mathemania2023.vercel.app/>) which will be updated on time.
- Round 1 is purely objective and you will just have to submit the final answer
- For Rounds 2 and 3 make the submission as per the submission guidelines in the form of a photo of a written solution or whatever format you see fit.
- Since we will have a large number of participants, we will take some time to check the papers. Please be patient and keep checking the Leaderboard and the Discord servers for updates.
- We will release the list of qualifying teams.

4. Schedule

- Round 1 will be held on 28th from 5:00 PM - 6:30 PM
- Round 2 will be held on 28th from 8:00 PM- 10:00 PM
- Round 3 will be held on 29th from 5:00 PM- 8:00 PM
- It is important to make sure you are aware of these timings and make any necessary arrangements to ensure that you are able to participate at the designated times. The link for questions of Round 1, leaderboard, and submission page will be put up on the website on 28 December at 17:00(Hours) sharp. The link for other levels will be sent to your email as you qualify.

5. PS

- After the competition is over, digital certificates will be handed over to the winners and other prizes.
